W. V. MACLISE.

### TELEGRAPHIC.

### CHIT-CHAT LOCALS.

(By Special Telegraph.)

DELORAIN, Man., Aug. 15.—James Colter, bachelor, aged about sixty-five or seventy, hanged himself yesterday morning between five and six o'clock on a beef scaffold. He had been mentally deranged for some time.

BROADVIEW, Aug. 15.—John Joslyn, lumber merchant, was killed this morning by an engine which was backing out of the yard. The body was badly mutilated.

HALIFAX, Aug. 14.—Private Jos. Hill, of the west riding regiment, committed suicide this morning by putting the muzzle of his rifle into his mouth and blowing his head off.

OTTAWA, Aug. 14.—Quite a sensation has been created by the marriage of Mr. Sydney Lawless, son of an ex-manager of the Bank of British North America, and Miss Chamberlain, the twenty-year old daughter of a wealthy farmer on the Aylmer road. Lawless was confronted by Chamberlain, who producing a revolver, told Lawless he had the option of having his brains blown out or of marrying the young woman. Mr. J. A. Germain, barrister, will apply on behalf of Lawless for an annulment of the marriage on the grounds of duress, as well as on the grounds that the parties are minors in the eyes of the law.

REGINA, Aug. 15.—Hon. Mr. Dewdney will be tendered a banquet here on Monday evening next.

Arrangements are being made for the turning of the first sod of the Regina and Long Lake railway by Mrs. Dewdney.

PORTAGE LA PRAIRIE, Aug. 13.—It is asserted by those who should know that about thirty five miles of track will be built on the M. and N. W. railway this summer. Operations will be commenced in a short time.

LONDON, Aug. 15.—Official executioner Berry declares that he will refuse to hang Mrs. Maybrick, and if the petitioners for clemency in her behalf are not successful, the authorities will have to find some one else to preside at the execution.

Home Secretary Matthews is receiving an immense amount of letters and petitions asking for the commutation of Mrs. Maybrick's sentence. The signers of petitions in Liverpool alone number 46,000.

MONTREAL, Aug. 15.—The wife of Francois Poirer, of Bonaventure, has just given birth to Siamese twin girls. Three medical men have been commissioned to examine the prodigy.

SAN FRANCISCO, Aug. 14.—This morning Deputy United States Marshall Nagle shot and killed ex-Judge David Terry, while the latter was sitting at his breakfast in the depot hotel at Lathrop. The cause of the shooting is said to be due to an assault made by Terry on United States Supreme Court Justice Field. The tragedy is the outcome of the celebrated Sharon divorce case.

TORONTO, Aug. 15.—Connie & Middleton will be awarded the contract for constructing the Port Arthur, Duluth and Western railway. The amount of the contract will be \$1,500,000. Fifty miles will be built this year.

Rev. Thos. O'Meara, of Trinity church, east Toronto, was married yesterday to Miss Harriet Boyd, daughter of Judge Boyd.

LONDON, Aug. 16.—Home Secretary Matthews, Justice Stephen, and Baron Halsbury, Lord Chancellor, together with a number of experts, are in conference at the Home Office, in an endeavor to reach a decision as to the propriety of setting aside the judgment of the court in the case of Mrs. Maybrick.

KINGSTON, Aug. 15.—As the result of a quarrel, Ed. McLaughlin, river driver, shot and killed Robert Ferguson of Madawaska village, on the Kingston and Pembroke railway, fourteen miles from Renfrew. McLaughlin has disappeared.

CARRERY, Aug. 15.—A farmer living two miles south of here met with a very painful accident, being caught in the binder, which was dragged on top of him. He received a number of severe and ugly wounds.

Gathered by our Reporters.

A cool and refreshing drink can be had at Jackson's drug store. Cream soda, from the fountain, only ten cents per glass.

Why buy your Groceries from F. C. Baker? Because they are cheaper and fresher than any other place in town. He receives new goods every week.

Miss B. McGregor arrived on the stage this week.

C. R. Stovel, dentist, who left here last fall, will be back about the 1st Sept.

J. M. Campbell intends starting on Monday on another flying trip to Troy.

The many friends of Sergt. Braden will be pleased to learn that he is again convalescent after his severe illness.

Major Perry with his wife and family left for Sturgeon Lake on Monday where they will remain for a couple of weeks.

The telegraph line was not working until near evening on Thursday. It was supposed that the high winds the night previous had blown a tree across the wire.

S. McLeod is selling away down for spot cash. If you would be safe from lightning buy solid leather shoes which conduct better than the paper soled shoes sold elsewhere.

The town and surrounding country has been clouded by a dense smoke for the past week. Travellers from the north say that terrible fires are raging in the woods and swamps.

Raspberries were very plentiful here this summer, but they are run out now and huckleberries are coming in. The latter are not as large as usual owing to the dry weather, but they are in great quantities.

The close season for ducks opened on Thursday and quite a large number of our local Nimrods took advantage of it to have some sport. The ducks are very plentiful and nearly every party of sportsmen brought back heavy bags.

The public schools opened on Monday last, and all three of them had a very large attendance. Miss Hosson, the new assistant teacher at the east end school, began work, and Mr. J. M. Neely, lately of Sandy Lake, took charge of the school at the west end.

F. C. Baker and W. V. MacLise left for the east on Monday. The former is going on business that a man seldom transacts more than once in a lifetime, and the latter on a visit to his friends, whom he has not seen since he left home in 1880 for Prince Albert.

Mr. Wm. Shannon and Gordon Biggar were on the out-going stage this week. Mr. Shannon goes east to purchase his fall and winter stock of boots and shoes. Mr. Biggar goes to Winnipeg to improve in the manufacture of horse collars, and will return next spring.

Capt. J. M. Smith, of the steamer Northwest, returned from Grand Rapids last week, where he had to leave his boat on account of the low stage of water in the river. The water rose after the captain's arrival and he went down again to try and bring the Northwest up here light, where she lies during the winter.

Mr. Brown, lately of the Round Plain, near Touchwood Hills, with his wife and family arrived at Halcro settlement. Mr. Brown brought with him all his stock, consisting of horses, cattle, sheep and farm implements. He has not made up his mind exactly where he will locate and is at present making hay near the Birch hills. Mr. Brown says the crops here are far better than around Touchwood, Qu'Appelle or any place that he has seen south of here.

**ADVICE TO MOTHERS.**

Are you disturbed at night and broken in your rest by a sick child suffering and crying with pain of cutting teeth? It is so, send at once and get a bottle of **MRS. WINDLAW'S SORREL SYRUP FOR CHILDREN'S TEething.** It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures inflammation, soothes the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. **MRS. WINDLAW'S SORREL SYRUP FOR CHILDREN'S TEething** is the most perfect and safe remedy for the teething child, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c a bottle.

**St. Anne's R.C.**—10:30 a.m. and 3 p.m.—Rev. Pere Dommeau.

FRIDAY, AUG. 16, 1889.

We hope that the Board of Works will, at the earliest possible opportunity, have the debris of the old school on King street removed. It is not only an eyesore to the public, but is dangerous, and an accident may be the result at any time for which we will have to pay.

The Winnipeg Free Press says that it has generally been understood that the contract for the construction of the Long Lake road has been let only to Saskatoon, but that is not the case. The contract has been let and all arrangements completed for the rapid construction of the road into Prince Albert.

In another week harvest will be over in this District. A large proportion of the crop has already been cut, and the rest is ready for the reaper. There is no danger of frost yet for a while, so that it is altogether probable that there will not be a grain damaged from that cause this year. The weather for the past fortnight has been all that could be desired for ripening. The heavy dew at nights, with hot days, has done incalculable good. What will be lacking in quantity is partly compensated for by the quality of the grain. Every bushel of our wheat this year will grade number one. Oats and barley are an equally good sample. The potato crop will not be up to the average. The tubers are small as a general thing, but are plenty large enough for cooking, and the quality is excellent.

The announcement is made in the Winnipeg papers that it is the intention of Attorney-General Martin at the next session of the Legislature, to introduce a Bill for the abolition of juries in civil cases. A great deal might be said for and against such a radical change in our judicial system, but we are of the opinion that a change in the direction intimated will be a decided advantage. Our judges are not appointed in the present day as they too often were in the past history of the Bench, simply to gratify the whim of a favorite or as a reward for services rendered to the king or to a minister, but they must be, and are—with perhaps but very few exceptions—men of knowledge, probity and ability, and thoroughly well qualified to fill the position. It seems to us that in any case, and more especially in those cases where there is an immense volume of evidence—generally very conflicting—a man who has been trained from his youth to deal with evidence and law is more likely to render a just verdict than a number of men who have had no training, and who in too many instances have not the ability to grasp the points brought out and analyze the evidence. In many instances the jury give evidence of downright ignorance. In a large proportion of cases their verdict is set aside by the judges, because contrary to the weight of evidence. They have too often given evidence of being led away by the brilliant speech of an able counsel, and they have very often returned verdicts simply in accordance with the bent of their own feelings, without regard to evidence or justice or anything else. We do not claim that juries never render a right verdict. On the other hand, we give them credit for being more often right than wrong in their findings. But we do claim that as satisfactory and honest a result can be arrived at by a judge, and the expense and trouble of calling and paying six or twelve jurors on a case saved. The cost of litigation is very high, and should be made as inexpensive as possible. We do not anticipate that reducing the cost would increase litigation. We do not think so, because when a man wants to go to law he will go regardless of cost. We think Mr. Martin's move is one in the right direction and hope to see a similar reform made in the Territories.

**CHURCH OF ENGLAND SERVICES**

His Lordship the Bishop of Saskatchewan, during the rest of his stay in Prince Albert, has arranged for services as follows:—

Sunday, August 18th.—St. James' in the morning. St. John's in the afternoon. St. Alban's in the evening.  
Sunday, August 25th.—St. Catharines' in the morning. St. Paul's in the afternoon. St. Alban's in the evening.

Tuesday, August 27th.—Missionary Conference at Emmanuel College commencing at 10 o'clock a.m. Special missionary service in St. Mary's Church at 7 o'clock p.m., when the Ven. Archdeacon J.A. Mackay, D.D., will preach. Offertory for the Indian work of the diocese.

Wednesday, August 28th.—A meeting of the Synod will be held in St. Alban's Church at 10 o'clock a.m. A Missionary Meeting will be held at 8 p.m. in St. Alban's Church.

Sunday, Sept. 1st.—St. Andrew's in the morning. St. Alban's in the evening.

Sunday, Sept. 8th.—St. Alban's Church in the morning, when there will be a confirmation. St. Mary's Church in the evening. During the afternoon St. Mary's Church cemetery will be consecrated.

Monday, Sept. 9th.—Confirmation service will be held at Carlton at 3 p.m.

**L. L. & S. RAILWAY NOTES.**

(From the Free Press.)

Work on the Qu'Appelle, Long Lake & Saskatchewan Railway is now under way. By July 1st of next year it must be built into Saskatoon, but its promoters fully expect to see it there by the beginning of the new year.

Osler, Hammond and Nanton took hold of the road about a year ago, and after getting from the Dominion Government the aid that was considered necessary to float the scheme they took it to London where they, a few days ago, closed matters.

At Saskatoon the railway will cross the Saskatchewan. The promoters of the company think it is a pity that the Government does not arrange with the railway to have the bridge built so that teams could cross also.

Three parties of engineers are now out on the line. Mr. Jam. Ross will be connected with the construction, but H. S. Holt will have full charge.

The Leader says all the labor of pegging away of Mr. Macdowall, M.P., for Saskatchewan, and of another member who was equally interested, is now rewarded. The L. L. & S. Ry. will be built this year as far as ties can be had. The contract has been let to Messrs. Holt & Co. The company is under contract with the Canadian Government to construct a road to connect Regina with Prince Albert, the Government aiding the enterprise by agreeing to give, for twenty years, at least \$80,000 per annum for mail and other services, and by a grant of land amounting to about 1,400,000 acres. Such an amount of land has been sold as will, together with the subsidy above referred to, pay the interest on the bonds down to, and inclusive of, that due in February, 1896. Bright days are before Regina; bright days are before Prince Albert; bright days are before Saskatoon. We know the country between here and Prince Albert and a finer stretch of land cannot be found.

A heavy fog settled over the town last night, so that with the fog and the dense smoke it was impossible to see any distance, and the air got very chilly, which was a marked change from the great heat during the day.

"J. D. Maveety, of THE TIMES, Prince Albert, has sold out to Lefrus A. McGuire, late of Winnipeg."—Commercial. This is news, but far from being correct news, as Mr. Maveety has not sold out nor ever had an idea of selling out THE TIMES. Mr. McGuire is the practical man on The Saskatchewan staff.

**WHY YOU SHOULD USE SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES.**

It is Palatable as Milk.  
It is three times as efficacious as plain Cod Liver Oil.  
It is far superior to all other so-called Emulsions.  
It is a perfect Emulsion, does not separate or change.  
It is wonderful as a flesh producer.  
It is the best remedy for Consumption, Scrofula, Bronchitis, Wasting Diseases, Chronic Cough and Colds.  
Sold by all Druggists, 50c. and \$1.00.

## TERRITORIAL NEWS

### BATTLEFORD

From the Herald, July 31.

It is estimated that there will be at least thirty hay camps in operation on the north side of the Saskatchewan.

Men who have just returned from extended journeying on the plains south of this place report water scarce, many of even the larger lakes being dry.

The Saskatchewan river rose very rapidly last week, and was for some days higher than it has been at any time this season. Battle river also rose some, but not in proportion to the Saskatchewan.

Last Sunday afternoon a squaw hanged herself on Moosomin's rescue. She was about thirty years of age and had recently been married to one of Thunder-Child's band. Subsequently a disease set in in her eyes, the sight of one of which was destroyed, with a strong probability that the other would also go. This made her very despondent, and she resolved to end her life. On the afternoon mentioned she went off, accompanied by a little girl, and attempted to hang herself to a tree, but was prevented by the child. She then beat the little one with a stick and sent her home, and taking advantage of being alone, tied one end of a rope around her neck and the other to a branch of a small tree, and bearing her weight on the rope strangled herself. The child ran home and gave the alarm, but when the woman's friends came to the place where she was hanging, they were too late to save her life.

### EDMONTON.

From the Bulletin, July 27.

Sgt. Rumble is again in charge of the town detachment of police.

A money order office was established at Fort Saskatchewan post office on July 1st.

The H. B. steamer Athabasca was at the landing at last accounts, loading to go up Lesser Slave river, the water in which stream, as well as the Athabasca, has risen to a fair stage for steamboating.

Thos. Henderson's bees sent off two swarms this week and J. Knowles' one swarm, artificial. The bees are making honey rapidly just now. Both Messrs. Henderson and Knowles have lost several queen bees.

Const. Stiffins, of Fort Saskatchewan, having fallen heir to \$30,000 by the death of a relative in Germany, has purchased his discharge from the police force and will leave shortly for New York to go into business with his brother there.

Two hen eggs were shown at this office on Wednesday, one having a circumference of seven by eight inches and the other a very little less. They were the same shape as ordinary eggs, and were laid by hens belonging to Jos. Russell, of East Edmonton.

### CALGARY.

From the Herald, July 31.

Yesterday afternoon, a little after two o'clock, a dense fog (somehat resembling the pea soup fogs of London, Eng.) settled over town, rendering all reading or writing, without a light, almost impossible. The darkness was caused by heavy clouds and the smoke from the fires on the hills, which are raging furiously.

Notwithstanding the feeling of horror which took hold of the people here when the death of the squaw, Rosalie, was made public, when Fiske got his sentence and was taken away to Stony Mountain for fourteen years, Thursday morning, there was a general feeling of regret that a young man of such good family and previous good character should so soon in life be consigned to a felon's solitude.

A gentleman of rather dandish manner says that when he was passing an hotel on Sunday afternoon a pail of water was maliciously dashed from an upstairs window upon him, very much to the discomfort of his new white hat, silk velvet coat, white satin vest and Russian duck lower garments. The party feels so indignant about it, that he will, no doubt, report it to the New York Police Gazette.

### REGINA.

From the Leader, August 6.

A little son of Mr. M. Henderson last evening slipped from a buckboard, and his leg going through one of the wheels was badly broken.

J. A. Williamson intends to build a skunk for next winter. It will be con-

For  
Cramps, Chills, Colic, Diarrhoea,  
Dysentery, Cholera-Morbus  
and all Bowel Complaints.  
NO REMEDY EQUALS

# PAIN-KILLER

AND

49 Years' Experience proves that PERRY DAVIS'  
PAIN-KILLER is the best Family Remedy for

Burns, Bruises, Sprains,  
Rheumatism, Neuralgia  
and Toothache.

Sold Everywhere at 25c. and 50c. a Bottle.

Beware of Counterfeits and worthless Imitations.

structed for both skating and curling and the site will probably be on Rose street.

Mr. Shambly, who has been farming for several years about eight miles north, is said to have an excellent field of sixteen acres of wheat this year—the best he has ever had. It is summer fallow. The gentleman who saw this field and who told us of it said he wished he had 200 acres as good.

Hubert Snitzer, of the German colony, was thrown out of his rig on Friday and seriously hurt internally by falling across a big stone. Although all hope was given up he is recovering.

At the close of last week His Honor returned from visiting the remotest eastern part of his government, and we have reason to know his visit to the Crofters will not only have pleased them, but will bear excellent practical results. The Governor has had the training of a statesman and when he makes himself acquainted with every portion of the Territories under his charge—and he is mastering the whole—he can easily devise a means of meeting any wants he may perceive which can be properly and constitutionally met.

### MEDICINE HAT.

From the Times, August 3.

Mr. Brier has a field of oats which measure 3 ft. 6 in. The heads are well filled.

A little child of Contractor Millers fell head first down a well twelve feet in depth on Tuesday, and escaped with a few small bruises.

Red McLeod, of Calgary, arrived on Wednesday with a band of fifty horses, which he drove across country from Stillwater, Montana.

Mrs. Little, of the Stair mine, returned from Lethbridge on Wednesday. He engaged a number of miners who will commence work about the 15th.

A large piece of coal from the Medicine Hat Coal Company's mine is on exhibition at the depot. It weighs about one-third of a ton. It will be shipped to Toronto.

J. Miller had a narrow escape on Tuesday. While moving a bundle of shingles on the roof of J. Clarke's stable he slipped and fell to the ground. Fortunately he escaped with only a sprained wrist.

### FORT MACLEOD.

From the Gazette, August 1.

During the past week a number of calves have died from some, as yet undiscovered, cause. Mr. Gobbert lost six, Hargrave and Scissons, four; and the Cochrane ranche, one. The veterinary surgeon, who examined a number of the dead animals, was unable to ascribe any cause for the mortality. It is probably black leg.

Anyone who has not seen the Peigan Indian Reserve for some years, would not know the place now. The agency consists of a number of substantial log and frame buildings, and everything about the reserve is in the neatest possible order. Mr. Springett's marked success in the management of these Indians is due to the fact that they have the utmost confidence in him. The improvements and progress on this reserve, as well as on the Blood Reserve, are well worth extended notice.

### LETHBRIDGE.

From the News, July 31.

New stables and out buildings, to re-

place those destroyed by fire last winter, are soon to be erected on the Strong estate, on Belly river. The buildings, which are to be frame, will be equal, if not superior, to any ranche buildings in the Territories.

On Monday afternoon the team used for hauling water, belonging to Mr. D. Brodie, took fright at something back of the cottages and took a spin down towards the river. At the top of the coulee near the hog's back trail the waggon was upset, and the horses, being freed from it, continued their run to the bottom, where they were caught none the worse for their run. No damage was done.

About noon yesterday as T. McNulty, one of the drivers in the mines, was bringing out his last load, the horse bolted and started the cars running further than was required. The boy got in front of the cars for the purpose of stopping them and while trying to do so his foot caught in something and he was thrown down, the car, loaded with coal, passing over his leg breaking it just below the hip and tearing the flesh from the bone. Dr. McBurn was called and dressed the wound and he is doing as well as can be expected. The break is a very bad one being so close up to the hip and it will be some time before the lad will be around again.

### UNDISPUTED MERIT.

The great success of the Royal Baking Powder is due to the extreme care exercised by its manufacturers to make it entirely pure, uniform in quality, and of the highest leavening power. All the scientific knowledge, care and skill, attained by a twenty years' practical experience and contributed toward this end, and no pharmaceutical preparation can be dispensed with a greater accuracy, precision and exactness. Every article used is exactly pure. A number of chemists are employed to test the strength of each ingredient, so that its exact power and effect in combination with its ingredients is definitely known. Nothing is trusted to chance, and no person is employed in the preparation of the materials used or the manufacture of the powder, who is not an expert in his particular branch of the business. As a consequence the Royal Baking Powder is of the highest grade of excellence, always pure, wholesome and uniform in quality. Each box is exactly like every other, and will retain its powers and produce the same and the highest leavening effect in any climate, at any time. The Government chemists, after having analyzed all the principal brands in the market, in their reports, placed the Royal Baking Powder at the head of the list for strength, purity and wholesomeness, and thousands of tests all over the country have further demonstrated the fact that its qualities are, in every respect, unrivalled.

TO THE DEAF—A person cured of Deafness and noises in the head of 29 years standing by simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

## SHERIFF'S SALE OF LANDS.

# TOWN COUNCIL.

A regular meeting of the Council was held on Monday evening last. Mayor Knowles occupied the chair. Present:—Couns. Donaldson, Sandersen, Goodfellow, Mair, Woodman and Davis.

The minutes were read and approved.

**COMMUNICATIONS.**  
A communication was received from the town solicitor re legality of By-law No. 21 and said that Jackson and Goodfellow, who had soda water fountains were liable to pay a license one from F. C. Baker complaining about the state of the ditch on the east side of the McKenzie property, and said he would hold the town liable for any damage that might result from it.

The accounts of J. O. Cadham for \$5 12 and T. J. Agnew for \$25 were referred to the Finance Committee and the account of W. R. Gunn's for \$12 50 was ordered to be paid.

Adam McBeath made application for a two-horse dray license. Granted.

## REPORTS.

The town constable presented his report on dog tags for the year ending 30th June.

The treasurer reported that the sum of \$109 had been received from the Department of N. W. M. Police on account of ferry crossing.

The solicitor's opinion re legality of By-law No. 21 was ordered to be filed and that the license inspector notify Jackson and Goodfellow that they must take out licenses under said by-law.

## MOTIONS.

Coun. Mair enquired if D. Williamson had paid over the amount due the town from dog tags sold, and having been informed that he had not, Coun. Davis moved and Coun. Woodman seconded: "That the solicitor be instructed to take immediate proceedings against Williamson, criminal or otherwise, to recover the money due by said Williamson to this town." Carried.

## BY-LAWS.

A by-law was passed appointing James White pound keeper for Ward No. 1.

A by-law was passed amending the by-law relating to livery stables, etc. In future the tariff for livery stables will be \$20 for six horses and under and \$2 for each additional horse used in connection with any such stable. Sale stables in connection with a livery stable, \$5; when not in connection the license will be \$15.

The following new sections were added to the by-law:—Every person who without first having obtained a livery stable license hires out a horse or horses and conveyance of any kind to any other person, other than to a regularly licensed livery stable keeper, shall be guilty of an infraction of this by-law, and shall be liable to the penalties thereto. Every livery stable keeper shall furnish to the license inspector, whenever required by him so to do, a full and accurate description of each and every horse used in connection with his stable, and shall in the event of new horses being at any time placed in such stable for use in connection with the livery business, likewise furnish such description thereof to the license inspector.

The Council then adjourned.

## THE RIFLE.

A meeting of the Saskatchewan Provincial Rifle Association was held in the Council Chamber on Tuesday evening last. A large number of the members were present and at the appointed time President Stewart called the meeting to order. After routine business the secretary-treasurer reported that there was about \$125 on hand after all the liabilities in connection with the annual meeting had been paid. The Association voted \$40 to be expended on the fixing up of the new range and that the fall meeting take place there on the 20th Sept. The work on the new range, across the river, will be let by contract and it is to be ready for practice in a week or so.

The return inter-association match between Prince Albert, Calgary, Lethbridge, Regina and Edmonton was shot off on Saturday last on the police range and resulted, as far as known, in the S. P. R. A. still holding the lead. Calgary and Lethbridge have not been heard from, but the scores known are S. P. R. A. 490, Edmonton 485, and Regina 403.

At the same time our team was shooting against a team of the Rideau Club, of Ottawa, which resulted in a victory for the latter by 13 points. This is the first defeat the Prince Albert association team

has sustained for two years, and it is safe to say the result would have been different, could the captain of the team have got the eight best shots in the association together. The individual scores of the two teams being—

S. P. R. A.	TOTL	OTTAWA, R. C.	TOTL
McKay, J.	65	Wright	68
Baker, F. C.	65	Hutchison	68

Grand Total	490		503

## STRUCK BY LIGHTNING.

On Monday morning last about seven o'clock the house of Mr. Given, at the Lower Flat, was struck by lightning, during a heavy thunder storm, and badly wrecked, and knocking Mr. Given and his wife and child insensible. When the crash came Mr. Given was in the act of going up stairs, Mrs. Given was standing at a table and the child was in the cradle near a window. The lightning struck the roof and going down a post, which it shattered to splinters, struck Mrs. Given and passing down her left side went through the floor. She was knocked insensible and her head and the side of body were badly burned and blackened. Mr. Given was also knocked insensible but not hurt. The child in the cradle was the least hurt, its hair being only slightly singed. Mr. Given called on a neighbor, Mr. Adam McBeath, to whom he related the awful calamity that had befallen him and through the kindness of Mr. McBeath and his family the doctor was sent for, and the injured lady and her child attended to until Dr. Porter arrived, which was early in the afternoon. On the doctor's arrival he found Mrs. Given still insensible, but she soon recovered consciousness under his treatment. She is now lying in a paralyzed state and in a precarious condition, but Dr. Porter has great hopes of her recovery. The house was badly shattered, and one of the gables and windows was completely torn out.

KINGSTON, August 5.—T. Moore, late clerk in the postoffice, charged with unlawfully opening a letter, was tried this afternoon before Judge Price and fined \$25 and costs.

MOUNT FOREST, August 5.—Wm. Orris, grist mill and the county bridge, over the Saugeen river, was burned. Loss \$10,000; insurance on the mill, \$3,500.

TORONTO, August 5.—The Trades and Labor Council have denounced by resolution the proposal to run street cars on Sunday.

We have received from W. H. Inwin, photographer, Brandon, a curiosity in art in the form of a picture illustrating the familiar prairie phenomenon of a mirage. It consists of two pictures, cabinet size, of a survey party of eight, in charge of Joseph Smith, C. E., which left Brandon a few weeks ago for the purpose of surveying the C. P. R. line between that city and the South. The photographs are very good, the features of every member of the party being distinct; but the remarkable thing is the gigantic duplicating of the figures in the background. The shadowy forms stand out against the sky, their heads reaching up to above the height of the chimney of the day a couple of hours before sunset; and one might suppose them to be the ghosts of Giant Grim or Giant Despair of Bunyan, or some of the celebrities of Irish tradition.—Free Press.

**ROYAL**  
BAKING POWDER  
Absolutely Pure.

This Powder never varies. A marvel of strength and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the multitude of low tests, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO. 106 Wall-st N.Y.
